MAGNUM 1/2 CU. YD. COVERED CAPACITY DUMP CARTS

ITEM NO.	DUMP CART DESCRIPTION
DUC12T	Without Frame

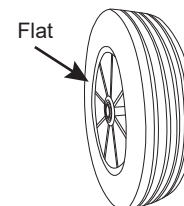

Assembly Instructions for Dump Carts with and without frames. Note applicable models in chart.

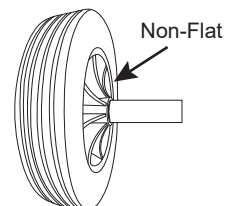

1 Install axle and attach wheels. Flat side of the wheel faces outward, while non-flat side faces the cart (shown in the illustration to the right). Secure hex nut, but do not overtighten. Overtightening will restrict wheel motion.

2 Attach casters to dump cart base using screws and washers (shown in the illustration above).
