MAGNUM

SINCE 1989

In 1989, Magnum Tool Corp, Inc. began its journey as a tool distributor in our hometown of Houston, Texas. Aiming to build a lasting imprint on our community, we focused on establishing a reputation for delivering professional-grade tools and equipment at exceptional value. We are blessed and proud of the company we've built with the support of our community, our great team, the network of distribution we have cultivated, and the many loyal contractors that use our tools and equipment worldwide.

Today, Magnum offers a great selection of Material Handling Equipment, Drywall Specific Tools and Material, Step-Up Benches, Fasteners, and more. We continue to innovate and add value to the products we develop and carry. Magnum products are engineered to excel with rugged daily use. Whether it's a dump cart tub that tilts easily, maneuvers through narrow passages, and still transports efficiently, or the latest in drywall cart design; Magnum provides professional-grade equipment to keep you moving.

Our product line encompasses a wide offering to support residential, commercial, industrial, and general construction. Tradespeople, such as acoustical contractors, electricians, drywall contractors, janitors, and facilities workers are at the core of our loyal user base. Our commitment to excel through friendly and knowledgeable customer service, product training, and support, is what sets Magnum apart. Our devoted team works in tandem to ensure your satisfaction.

Welcome to the family!

PRO SERIES

COMMERCIAL DRYWALL CART

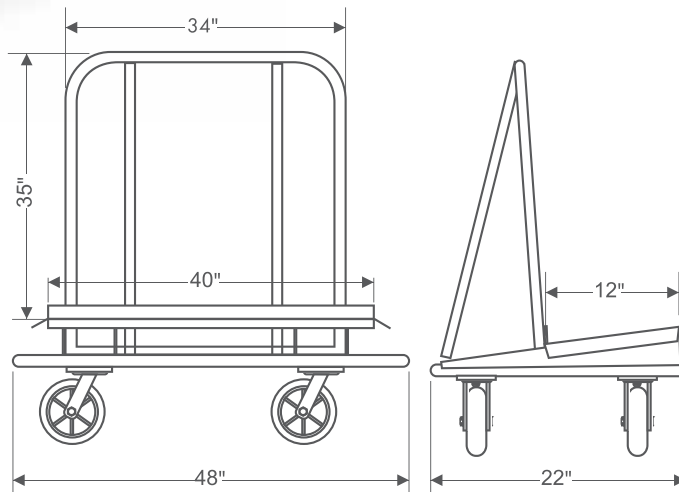

Commercial grade, high-capacity cart that handles 3,200 lb loads. The extra-large, sloped deck manages heavy materials while reducing the risk of slipping and tipping. The welded steel cart frame has a powder coat finish that guards against corrosion and withstands the elements. Magnum also offers a variety of compatible casters that meet the needs of any demanding environment.

- 40" x 12" Steel Plate
- High quality powder coated finish
- Available in four different caster configurations to meet virtually any demand
- Configuration shown: Max-Performance Casters
2 swivel casters & 2 swivel casters w/ locks (DOA3200-MP)

DO MORE. WITH LESS.

Transform one cart into many.

Dolly

Flat Cart

Drywall Cart

Stake Cart

Introducing the **Magnum Transformer Cart**, a do-all material cart that transforms into a variety of useful haulers. No tools required. Simply grab the handles you want and go. Handles stow flat into the frame when you convert to Dolly mode. Connect two units together to form a 10' train, or connect side by side to create a 5'X4' platform. Get ready to make the most out of your cart and move some serious material. Transform the way you work, and get more done with less.

DOA4X

EASY HANDLE POSITIONING

Utilize quick-release pins to put the handles where you need them. There are six different handle mounting points.

MAX-ENDURANCE POLYURETHANE CASTERS

These hard polyurethane casters have been designed to hold up to a 5400 LB load capacity when two carts are connected and the weight is distributed evenly.

NEW MAGNUM TRANSFORMER CART

46.5" L X 27" W X 48" H
(With casters and handles)

- Easily transforms this cart into a Dolly, Flat Cart, Drywall Cart & Stake Cart, without the use of tools.
- All handles store into frame to make transport and storage easy.
- High quality steel construction w/ durable powder coated finish
- Ability to connect two carts together end-to-end, or side-by-side.
- 8" Max-Performance Casters for a premium ride and excellent maneuverability, or 8" Max-Endurance Hard Polyurethane Caster to handle the heaviest of loads.

NEW ACCESSORY

DOA4X-A-PR

Pipe Rack Attachment for Transformer Cart

*Cart & casters sold separately

Convert your Transformer Cart into a Pipe Cart. Carry 400 LBS per rung (200 LB max. per side).

Part of our Pro Series offering, Max-Performance Casters and the Max-Endurance Casters are each designed to withstand daily punishment on the jobsite and provide increased performance and reliability. Max-Performance Casters are super smooth and easily maneuverable, whereas Max-Endurance Casters are hard Polyurethane and built to endure the heaviest of loads.

Max Casters are designed to distribute the load weight across the entire width of the hub, rather than focus the weight in the center of the hub. This principle design changes means a longer lasting caster with increased performance, reliability and durability. These non-marking casters will not pick up debris from the floor surface or fall apart prematurely like the competitors.

PRO SERIES

TAKE YOUR CASTERS TO THE

MAX

**PRO SERIES
MAX-PERFORMANCE CASTERS**

- Smoothest rolling and easiest maneuverability
- Will not collect unwanted floor debris in wheel surface
- Non-marking, and safe to all surfaces
- Holds up to maximum load capacity without warping and losing shape

DRAFTDECK

PLANNER TABLE FOR SERVICE CARTS

The **Magnum DraftDeck Planner Table** is a versatile accessory for our 4426 Pro Series Service Cart. It converts the upper tray into a secure storage area and flat workspace. The flip-top lid positions at two ergonomic angles for easy document review and collaboration. For standard use, stow the lid against the cart side. Lightweight, durable, and easy to mount or remove with 12 P3 screws, it's perfect for all construction phases. Enhance productivity with adaptable work angles, secure storage, and robust design.

- 37" X 26-1/2" table top surface
- Fits Magnum 4426 Pro Series Service Carts (works with or without Magnum Vault installed)
- Flip-Top lid can be positioned at a variety of angles to make collaboration easier
- Use a key or combination lock to secure the contents of your upper tray
- Service Cart & Vault sold separately

**MAGNUM**TM

WE'RE ON A MISSION TO DELIVER

Hard-Hitting Value.

In 1989, Magnum Tool Corp, Inc. began its journey as a tool distributor in Houston, Texas. Aiming to leave a lasting imprint on our industry, we focused on establishing a reputation for delivering professional-grade tools and equipment at unbeatable value. At Magnum, we assembled an exceptional team that cultivated a strong network of distributors throughout the country. We are proud of the company we built, and now our loyal customers deploy our tools on jobs all over the world. Our commitment to excellence through friendly customer service, product training, and support sets Magnum apart.

Today, Magnum is known for offering a premium selection of trade tools. We continue to innovate and add value to our products, which are engineered to endure daily rugged use. Whether it is a sledgehammer, shovel, or rake, Magnum provides professional-grade equipment ensuring you hit your target.

PRO SERIES

MAGNUM PRO SERIES FIBERGLASS SLEDGE HAMMERS

When you need a bigger hammer, reach for a PRO-SERIES. Brandishing a tough Forged Steel Head and 36" Double Injection Fiberglass Handle, these Sledge Hammers are harder than wood and with superior shock absorption. Plus, they are non-conductive when working around electricity. The comfort grip handle not only feels great but also provides a better gripping surface and reduces fatigue and slippage.

- Tougher than nails and built for daily abuse
- Fiberglass shaft with comfort grip handle
- Forged Steel Heads in multiple weights

LONG HANDLE SLEDGE HAMMERS

Perfect for demolition and breaking projects, this hammer features a premium 36" hickory handle for easy gripping, control, and comfort. It also boasts a superior forged head.

- Long 36" Hickory Handle: Provides high impact resistance and added striking force
- Octagonal Design: Distributes the load evenly and equalizes stress
- Alloyed Steel Head: Press forged and heat-treated for durability
- Beveled and Machined Striking Face: Prevents accidents from metal shards

3-1/2 LB SINGLE & DOUBLE BIT AXES

Magnum 3-1/2 lb Single and Double Bit Axes are built to dominate heavy-duty woodcutting. Armed with heat-treated forged steel heads and rugged hickory handles, they deliver raw power, relentless durability, and superior shock absorption. Whether you're splitting logs or felling timber, these axes are the ultimate tools for taking on the toughest jobs.

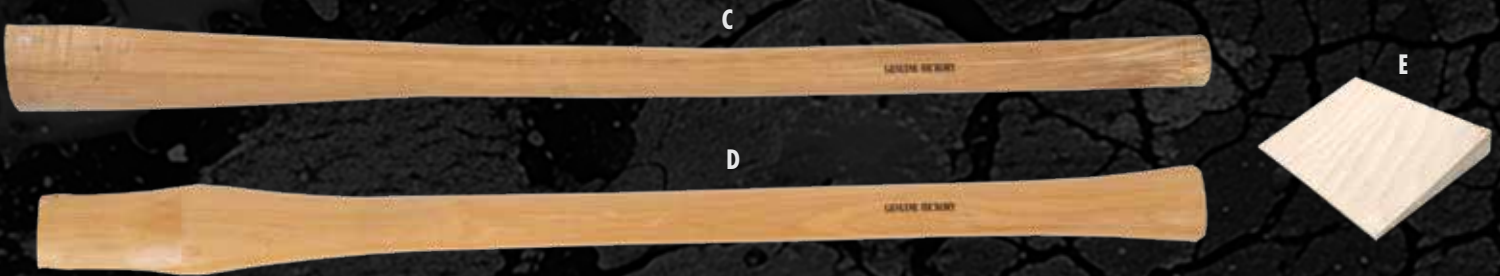

Our Single Bit Axe is your go-to workhorse for splitting logs, chopping wood, and general cutting tasks, providing precision and power with a focused cutting edge. The flat poll on the opposite side is perfect for driving wedges or stakes, making it a versatile choice for a wide range of jobs.

Our Double Bit Axe brings balance and versatility, offering two cutting edges — one kept razor-sharp for chopping and fine work, and the other maintained duller for heavy-duty or rougher cuts. Ideal for pros and seasoned users, it lets you switch tasks without reaching for another tool, making it the ultimate axe for continuous, demanding work.

- Forged Steel Head: Heat-treated for superior strength and durability
- Hickory Handle: Genuine hardwood for natural shock absorption and lasting comfort
- Versatile Utility: Ideal for forestry, construction, landscaping, and outdoor projects
- Heavy-Duty Performance: Designed for professionals and serious woodcutters

HEAVY-DUTY DEMOLITION

When it's time to tear down, break apart, and pull through, Magnum's heavy-duty demolition tools are built to handle the hardest jobs. From ripping out walls and flooring to prying, aligning, and pulling, these power-packed tools give you the leverage, strength, and durability needed to dominate demolition work. Engineered for ultimate performance, they make short work of stubborn nails, heavy boards, and tough materials — so you can focus on building what comes next.

13

SOLUTIONS FOR

DEMOLITION

Break apart walls, floors, or other structures during renovations or demo.

REMOVAL

Extract nails or screws from wood and walls.

PRY

Separate two objects that are joined together, such as boards, panels, or pallets.

LEVERAGE

Provide leverage to lift heavy objects or materials.

ALIGN

Adjust or align heavy materials like beams or boards into place.

WRECK & PULL

Break down pallets, pull apart wooden crates, or disassemble structures.

HEAVY DUTY ROCKER PRY BARS

Engineered for maximum leverage and versatility, the Magnum Rocker Pry Bar features rugged 7/8" hex steel for a secure grip and superior strength. Its unique rocker head design allows both push and pull actions, making tough jobs feel effortless. The open claw provides easy access to tight, hard-to-reach areas, while a polished, clear-coated head enhances durability for long-lasting performance.

- Built from heavy-duty steel for ultimate strength
- Rocker head offers push-and-pull versatility for greater power
- Open claw design excels in confined spaces
- 7/8" hex stock for a comfortable, solid grip

HEAVY DUTY TRASH DOLLY

CATC-DG-HD

- Massively reinforced
- Universal fitment on most major brands, including Magnum Pro Series Trash Cans
- Fits 20, 32, 44, and 55 Gallon Trash Cans
- 6.2 LB

PREMIUM DUMP CARTS

- Premium injection molded tubs for added strength in corners and industrial strength durability
- Smooth surface is easy to clean and resists corrosion
- Fits through standard doorways and elevators
- Handling can be performed by a single user
- Premium grade wheels and casters, available in Heavy Duty and Non-Marking

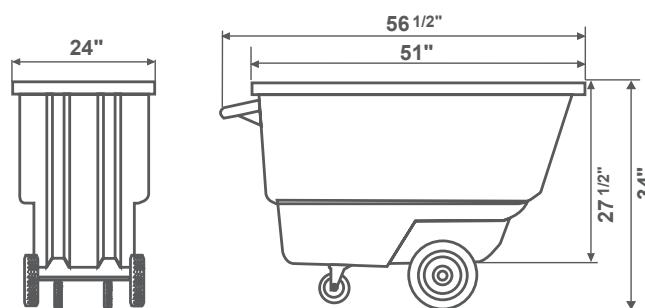

MAGNUM™

Save freight and space by stacking more on a pallet.

1/2 CUBIC YARD DUMP CARTS

Premium built for efficient material handling and ultimate durability. Ideal for industrial and commercial use. Easy maneuverability, 700 LB load capacity, and your choice of premium wheels and casters.

750 LB LOAD CAPACITY

ITEM CODE	MATERIAL CAPACITY	CASTER TYPE	WHEEL TYPE	WEIGHT (LB)	PALLET COUNT
DUC12T	1/2 CU. YD.	4" HEAVY-DUTY	10" HEAVY-DUTY	64	14
DUC12T-NM*	1/2 CU. YD.	5" NON-MARKING	12" NON-MARKING	48	14

*Use 2-5/8" Axle (DUA12-575)

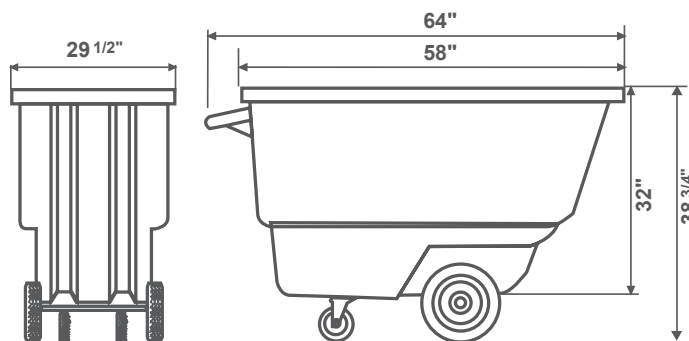

Lids and parts available. See pages 28-29.

1 CUBIC YARD COVERED CAPACITY DUMP CARTS

Premium built for efficient material handling and ultimate durability. Ideal for industrial and commercial use. Easy maneuverability, 800 LB load capacity, and your choice of premium wheels and casters.

800 LB LOAD CAPACITY

ITEM CODE	MATERIAL CAPACITY	CASTER TYPE	WHEEL TYPE	WEIGHT (LB)	PALLET COUNT

1 CUBIC YARD COVERED CAPACITY DUMP CARTS WITH REINFORCING FRAME

Built for superior durability and efficient material handling, this premium tilt truck is perfect for industrial and commercial use. With a load capacity of up to 1,000 LB on heavy-duty casters or 900 LB with non-marking wheels, it offers smooth maneuverability and reliable performance.

UP TO 1,000 LB LOAD CAPACITY

The **reinforcing frame** provides extra structural support for safe tilting and dumping, while the lower handle offers a secure grip for controlled unloading.

ITEM CODE	CASTER TYPE	WHEEL TYPE	LOAD CAPACITY (LB)	WEIGHT (LB)	PALLET COUNT
DUC100-R	5" HEAVY-DUTY	12" HEAVY-DUTY	1000	94	12

Lids and parts available. See pages 28-29.

1 CUBIC YARD COVERED CAPACITY DUMP CARTS WITH HEAVY DUTY FULL FRAME

Engineered for heavy-duty industrial and commercial use, this premium full-frame tilt truck delivers unmatched durability and performance. With a load capacity of up to 1,200 lbs on heavy-duty casters or 950 lbs with non-marking wheels, it handles the toughest jobs with ease.

UP TO 1,200 LB LOAD CAPACITY

The **heavy-duty full frame** design reinforces the entire tub, preventing bowing or distortion under heavy loads and ensuring long-lasting reliability. A lower handle provides a secure grip for safe and controlled unloading, making this the ultimate solution for demanding material handling tasks.

ITEM CODE	CASTER TYPE	WHEEL TYPE	LOAD CAPACITY (LB)	WEIGHT (LB)	PALLET COUNT

Lids and parts available. See pages 28-29.

FORKLIFT READY DUMP CARTS

UP TO 1,250 LB LOAD CAPACITY

FORKLIFT READY DUMP CARTS

Available in both 1/2 cubic yard and 1 cubic yard covered capacity models, Magnum Forklift Ready Dump Carts are built for serious material handling with a reinforced forkliftable frame and up to 1,250 lb load capacity. Designed for industrial strength and durability, they make transporting and dumping heavy loads safe and efficient with a forklift, or without. Ideal for bulk materials, debris, or waste, these carts deliver top performance and easy maneuverability for the toughest jobs.

ACOUSTICAL CEILING

WIRE

& CEILING FASTENERS

Since 1989, Magnum has been manufacturing quality hanger wire for acoustical ceilings. Magnum offers Hot-Dip, and ASTM Hot-Dip, zinc coated galvanized steel wire and has options in stainless steel. Magnum's selection of 8g, 9g and 12g wire can be cut to custom lengths and pre-tied to Magnum ceiling fasteners or customer supplied fasteners. Magnum stocks 12 gauge wire in a variety of lengths between 4.33 and 20 ft with limited quantities of 16 and 30 ft wire. For longer lengths, straight wire is offered in bundles of 100 pieces or 50 pounds. ASTM and stainless steel specialty wire is stocked in 12 and 20 ft lengths, however Magnum can cut the wire to meet an order's specifications. (Please see the table on page 2 for more details.) Additionally, Magnum offers "pre-tie" services where Magnum or customer supplied fasteners are tied to the wire prior to shipping. Magnum deploys a certified 3-loop hospital tie to each fastener. (Please see the back page for a full roster of Magnum Tool Eye Lag Screws and Ceiling Clips.) If you have any additional questions about our products please contact us and we will be happy to assist you.

PREPAID FREIGHT & LOCAL DELIVERY

12 Gauge Prepaid freight (20' length wire and under):

- Mixed lengths prepaid in 2,500 lb increments.
- Identical lengths prepaid in full crate quantities. (See chart)
- Shipped in metal crates- flat, bowed or coiled depending on length.
- Longer wire is shipped under tension and may retain a bend. Release tension and store flat as soon as possible after receipt.
- "Add-ons" such as dump carts, material carts, etc. can be shipped with wire. Size restrictions may apply.
- Custom pallets may be available at additional costs and lead times. Contact us for details.

Local hot-shot delivery by truck available for all wire lengths.

STRAIGHT WIRE

Choose the right straight wire based on job specifications and application. Different coating methods provide thicker or thinner layers of zinc measured in grams per meter². Hot-Dip galvanizing provides much better and more consistent corrosion resistance than electrogalvanization. ASTM hot-dip galvanizing adheres coating standards set by the American Society for Testing and Materials. Stainless steel doesn't require a coating due to its corrosion resistant properties, though it is also not as pliable as galvanized steel.

** Longer 9 and 8 gauge wire cannot ship in standard metal crates. All quotes for longer 8 or 9 gauge are FOB Houston. Contact us for shipping estimates and options.

PRE-TIED WIRE

Pre-Tied Wire is Magnum stock wire that is “pre-tied” with a variety of acoustical ceiling fasteners. Pre-Tied Wire can be purchased with Magnum Eye Lag Screws, Ceiling Clips, or tied with customer supplied fasteners. All Magnum “pre-ties” are certified 3 loop hospital ties, defined as 3 complete loops within 1”. Pre-Tied Wire is sold in 100-piece bundles. Custom Double-Tied Wire is available in 200-piece bundles. For expeditious delivery, we stock Standard Pre-Tied Wire in our most popular configurations.
